Dear Ricardo Betarte,

You have been adopted as a PRISONER OF CONSCIENCE by this group of AMNESTY INTERNATIONAL. This is an organisation dedicated to preservation of Human Rights irrespective of political considerations.

This letter is to let you know that I and others are concerned about you and are working to see that you are treated with Justice and humanity. If there are means by which you can get information to me this would be of great importance.

May this year of 1976 see you justly cared for and in good health.

Yours sincerely,

*M. H. Nelson*
